Colours, and some graphics, do not appear on computer screens as they appear in print, thus digital representations may not accurately represent the final product. The PANTONE® Matching System (PMS) allows for accurate colour reproduction but we cannot guarantee 100% perfect match. Notably, small text and complex graphics may appear clearer in a digital mock-up than on the final product. By replying "approved" to this agreement I, the Client, confirm that I have examined and checked all aspects of this artwork including, but not limited to, artwork, layout, spelling, colours.
