Pocketless Name Tags - All Sizes

The following templates are for our range of printed laminated and paper fully produced name tags:
300gsm Eco-paper, Never Tear Paper, Thick & Thin Laminate Gloss or Matte

See: https://ezitag.com/product-category/name-tags/pocketless-laminated-and-paper/
Single Side & duplicate names on the reverse need to only use the 'FRONT' template - one artwork only

Tips for your Name Tag Artwork
- Vector or high res logos give the best print results
- Outline generic text or provide us with the font files
- Embed any images
- **DO NOT** outline your variable data - we need to know what font & size you would like your data
- Text and Logos need to be inside the critical area print lines
- Position of your variable data (names etc) will change depending on your final data merge
- Templates show slot position which is the same for the hole option (not critical print in this area of the name tag)
